# PIPE FREEZING KITS

The coolest way to make repairs on static water lines is to put the power of ice to work...using **Wheeler-Rex Pipe Freezing Kits**.

**Wheeler-Rex Pipe Freezing Kits** will rapidly form a single or double ice plug in static water lines, eliminating the need and time to drain down a system to make a repair.

Ice plugs will last 15 to 20 minutes and can be easily renewed should the need arise.

**Wheeler-Rex Pipe Freeze Kits**...harnesses the power of ice to make fast work of water line repairs.
