PIPE SLICE KITS

Pulling attachments INCLUDED with each Kit!

Cable sold separately

The WHEELER-REX pipe slice is the ideal tool for removing and replacing old poly or copper lines under surfaces you don't want to dig up or damage. The pipe slice will split old copper or poly lines up to 1" while pulling in a new line to replace it. The pipe slice will also remove 3/4 to 1" lead or galvanized lines while pulling in a new line. Six different kits are available with two different style cable grips as well as cable lengths varying from 50 up to 150 feet! Don't dig up your sidewalk or drive when you have to replace an old line, use the WHEELER-REX pipe slice!
