PIPE WRENCHES

Heavy Duty Iron Pipe Wrenches have forged I-Beam handles for proven strength and durability without excess weight. Full floating jaws have spring suspension for fast grip and release. Replaceable jaws are made of tough heat-treated alloy steel. Aluminum Wrenches are nearly 50% less weight compared to Iron Wrenches. Wheeler-Rex End Wrenches and the Off-Set Wrenches allow for usage in areas with space restrictions. All Pipe Wrenches are made to U.S. Federal Specifications. Parts are interchangeable with most major brands and carry a limited lifetime warranty.

Full floating spring suspension jaw

HEAVY DUTY STRAIGHT IRON PIPE WRENCHES

Manufactured to U.S. Specifications GGG-W-651e Type II Class A

Model Number	Description	Pipe Capacity		Weight		Std Pack
		Inches	mm	lbs	Kg
