

WHEELER-REX PROFESSIONAL TOOLS

Crimping Tools

**Job Tested.
Rugged.
Heavy Duty.**

The Wheeler-Rex line of Crimping Tools

The Wheeler-Rex line of heavy duty crimping tools were specifically designed to install a more secure and better connection on PEX potable water lines or radiant heating systems. All crimps conform to ASTM specs and establish a full circle crimp which eliminates the unsightly tool marks and distortion of crimped rings.

Crimping Tools

Product Line

Model 89202 1/2" PEX Ring Crimper

A PEX Ring crimper for 1/2" lines. Crimps conform to ASTM specs and crimper includes a "go-no/go" gauge. Tool comes equipped with a soft comfortable grip. Overall length is 12".

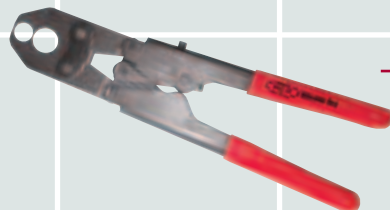

Model 89203 3/4" PEX Ring Crimper

A PEX Ring crimper for 3/4" lines. Crimps conform to ASTM specs and crimper includes a "go-no/go" gauge. Tool comes equipped with a soft comfortable grip. Overall length is 12".

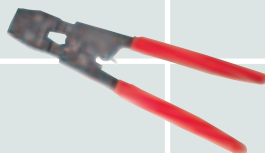

Model 89204 1" PEX Ring Crimper

A PEX Ring crimper for 1" lines. Crimps conform to ASTM specs and crimper includes a "go-no/go" gauge. Tool comes equipped with a soft comfortable grip. Overall length is 19".

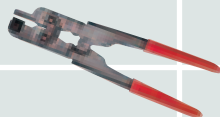

Model 89206 1/2" and 3/4" PEX Ring Crimper

A combination PEX Ring crimper for 1/2" and 3/4" lines. Crimps conform to ASTM specs and crimper includes a "go-no/go" gauge. Tool comes equipped with a soft comfortable grip. Overall length is 16".

Model 89250 Stainless Clamp Pincher & Ratchet Tool

The PEX Stainless Clamp Pincher Ratchet Tool features a full cycle mechanism that assures consistent, water-tight crimps and eliminates the need for a crimp gauge. Made from heat treated steel for strength & durability. Suitable for use on 3/8", 1/2", 3/4" and 1" lines. Crimps conform to ASTM F2098 specs. Tool features a soft, comfortable grip. Overall length is 11".

Model 89210 PEX Ring Remover for 1/2", 3/4" and 1"

This unique tool is designed to recover fittings without damage to the fitting. The high mechanical advantage makes shearing of rings much easier & faster than sawing off a crimped ring. Just two cuts on the ring allow the user to reclaim the fitting. Saves time & money!
